

# PDM Faro Revision

Explanatory guide (sample)

# Outline

Although iOS Ark is not affiliated with Câmara Municipal of Faro, nor with the teams responsible for the revision process, many friends and clients have placed us doubts and questions so we thought we could better help with this document. Some questions we help reply:

1. What ?
2. Why ?
3. Where ?
4. Who ?
5. When ?
6. How ?

# What ?

Plano Diretor Municipal (**PDM**) is the territorial management plan that establishes the parameters and determinants which define what you can do on your property, such as for construction purposes.

Examples of parameters: construction density, construction height, distances to neighbouring properties, viability of construction.

Examples of determinants: National Ecological Reserve (**REN**), National Agricultural Reserve (**RAN**), clearing distance from streams and infrastructures (roads, power lines and public boreholes).
